Life-Changing Lessons on the Law of Attraction

Dear Friends,

On Thursday, February 8th tune into [The Oprah Winfrey Show](#) where you watch "yours truly" and television pioneer Oprah Winfrey, in a special show dedicated to the movie, [The Secret](#).

Do you know about The Secret? It's a ground-breaking feature-length movie (and now bestselling book) that reveals The Secret to everything - the secret to unlimited joy, health, money, relationships, love, and youth... everything you have ever wanted.

I'll be joining Rhonda Byrne, producer of [The Secret](#), and fellow Secret teachers Dr. Michael Beckwith, James Ray and Lisa Nichols.

We'll be discussing how The Secret works and providing hands-on tools that the viewers can use to change their lives in a positive way.
